

SEMBOL SPECIAL LOCK STONE (CAST STONE-NATURAL STONE) PAINT

DEFINITION: It is an acrylic resin based paint with high coverage, does not change color over time, and is resistant to abrasion and friction.

QUALITIES: It is a matte looking paint specially developed for natural stones and pressed cast stones which have high clay pulp intensity such as brick, tile, ceramic or which have high cement intensity such as keystone. It provides good performance and strength in heavy vehicular traffic and/or pedestrian traffic circulation. It enables pedestrian and vehicle traffic flows with its fast drying after application. Can be washed with pressurized water

APPLICATION: Surfaces to be applied should be cleaned from blistered and loose textured layers and dust. Dust, dirt and oil on the surface should be cleaned. The application surface must be absolutely dry. Never apply on damp or wet surfaces.

THINNING: It is ready to use, not thinned.

COVERAGE: 8-10 m²/ Kg. (In one layer)

STORAGE : One (1) year in its original unopened packaging under suitable storage conditions.

PACKAGING : 20 Kg.
